CULINARY AND DOMESTIC USE

In addition to the rights herein above set out in Chapter two, the owners and users thereof, shall have the right to such use of the waters of Sevier River and its tributaries as may be reasonably necessary for culinary, domestic and /or stock watering purposes to be distributed to them under the supervision of the Sevier River Water Commissioner at their said respective points of diversion, during the remainder of each year, where use is not herein provided for irrigation purposes .

CHAPTER THREE

IT IS FURTHER ORDERED, ADJUDGED and DECREED, that the rights hereinafter described in this chapter are based on applications filed with the State Engineer of Utah; that is, as to all rights hereinafter specified, either the appropriation has been completed and a Certificate of Appropriation issued therefor, or the applications under which the appropriations are being made are in good standing at the present time; and the parties hereinafter named, are entitled to receive water under said appropriations as hereinafter provided, subject however, as to all cases where Certificate of Appropriation has not already issued, as hereinafter shown, to continued compliance by the appropriator with all the terms and conditions of the application under which the appropriation is being made.
