Dear Water User(s),

The State Engineer (Division of Water Rights) has commenced the adjudication of the Jordan Park Subdivision (Area 57, Book 7) of the Salt Lake County East Division within the Utah Lake – Jordan River General Adjudication. Water rights general adjudications are large-scale civil actions in the local district court to investigate, define, and ultimately settle all claims to water rights within a specific area. If you want to assert or maintain a water right in the Jordan Park Subdivision you must participate in the general water rights adjudication.

A search of our records indicates that you may be an owner (or owner's agent) of property or a water right within the boundary of the Jordan Park Subdivision. The Jordan Park Subdivision covers the area that extends from 2700 South to South Temple between the Jordan River and 300 West in Salt Lake County (see Figure 1 below).

Enclosed is a statutory summons required by Utah Code § 73-4-4 and an order from the Court allowing service of this summons by regular mail. This summons brings recipients under the jurisdiction of the Third Judicial District in and for Salt Lake County, Utah, and makes you a party to the general adjudication action; however, it is unlike a summons you may receive in the course of traditional litigation where immediate response is mandatory. In this case, you will need to respond at a future date—of which you will be notified—if you want to claim a water right. Otherwise, simply not participating expresses your lack of interest in making any claim(s) to a water right. Later in the process, you will receive instructions on how and when to file your claim(s).

The State Engineer will be holding a **public meeting on October 18th, 2016 in room 1050 of the Department of Natural Resources building located at 1594 W North Temple, Salt Lake City, Utah from 6:00 p.m. to 7:00 p.m.** to meet with water users and discuss the adjudication process. Subsequent to the public meeting, the State Engineer will send notice to you and others in the area to submit claims to any water rights. Instructions on how and when to file claim(s) will be included with the notice at that time.

If you have no claim to a valid water right, you are not obligated to take further action and may disregard the notice.

Additional information about the water rights adjudication process can be found on the Division of Water Rights' website: http://www.waterrights.utah.gov/adjdinfo. However, if you have unanswered questions regarding the adjudication process or your water rights within this area; please contact the Division of Water Rights at (801) 538-7240.

Sincerely,

Blake W. Bingham, P.E.
Adjudication Program Manager
