DEC 19 REC'D

Dear Governor Maw:

It has been some time since we sent our petition in to you to recall the closing order on the surface waters of Pinto Creek so that we could get a reservoir filing approved and commence work on construction of a dam.

We met with the State Engineer after you were here at Newcastle and he seemed to think it would be all right with him and his office. We would like to know what disposition has been made of this and are vitally interested in seeing it move along to completion. The waters here are running to waste again.

May we take this opportunity to wish you a Merry Christmas & a Happy New Year!

Very Sincerely Yours
Newcastle Resorvoir Committee
