Gentlemen:

Under date of April 16, 1958, the State Engineer directed you to install a parshall flume and a screw type headgate on your diversion. We are advised that this order has not been complied with.

We are, therefore, required to advise you that we must seek an order of the Court denying you further use of water unless these devices are fully installed by June 15, 1959.

We hope that this will not be necessary.

Very truly yours,

ROBERT B. PORTER
Assistant Attorney General

RBP/bl

cc. to: Mr. E. H. Southwick

E.S. says no further action needed at this time 6-25-59 DCM
