

UTAH'S WATER FUTURE

SHARE YOUR IDEAS ABOUT WATER

Announcing Town Hall Meetings to determine Utah's water future.

Utah is the second driest state in the nation. It is also among the fastest growing. That combination presents obvious challenges for how we manage our water. To meet our growing water needs, Governor Herbert is seeking innovative solutions from the public that don't break the bank or dry up our streams—ideas that are a win-win for all Utahns.

The Governor has asked water experts to hold public meetings throughout the state. They've been asked to listen, seek public comment, and find out-of-the-box solutions to meet Utah's water needs.

HELP DEVELOP UTAH'S WATER STRATEGY

Give us your thoughts about:

- Using our water more efficiently
- Addressing competition for water resources
- Meeting the water needs of our growing population while protecting the environment, and the beauty and outdoor lifestyle we enjoy
- Funding the construction of new and maintenance of existing water infrastructure
- The availability and use of water for agriculture
- Addressing the complicated issues around water law and its application

THIS SUMMER, WE'RE LISTENING

Come to a Town Hall Meeting near you. All meetings will be held from 7 to 9 p.m.

July 9	Richfield	Sevier County Fairgrounds, Exhibit Hall
July 11	Layton	Layton City Council Chambers
July 16	Price	Price City Hall, Room 207
July 18	Provo	Provo High School, Auditorium
July 25	St. George	Dixie State University, Dunford Auditorium
Aug 6	Vernal	Vernal City Council Chambers
Aug 13	Salt Lake	Department of Natural Resources, Auditorium
Aug 15	Logan	Mount Logan Middle School

A public comment period will be followed by breakout sessions on specific areas of focus.

TELL US WHAT YOU THINK

If you can't attend a meeting, submit your ideas online. Please visit www.utahswater.org to share your comments.

Together we can shape the vision of Utah's water future.
