WATER RIGHTS
PRICE

Dear Sir:

In regards to the water in Argyle Canyon, we believe there should not be any more water applications

given. The reasons being:

1. All water has already been appropriated
2. There is no more water available
3. As it is, there is not enough water to go around now.

We believe the water already being used in the cabins should be turned loose. They do not own the water.

Sincerely,

George & Gloria Jeschke

John & Gene Scott

Cameron & Kaylene Jensen

Earl & Gaylene Buff.
