Agent's address and telephone number: \_\_\_\_\_

**ADDITIONAL INFORMATION TO BE SUBMITTED WITH APPLICATION**

**The following sheet lists the information necessary for complete application review.**

### **Please submit the following with your application**

1. An accurate location map (USGS quadrangle map preferred).
2. A plan view (as seen from above) of the proposed activity including dimensions of work. Drawings should emphasize stream impacts, but should also include adjacent features such as buildings, bridges, utilities, etc.
3. A cross-section view of the proposed activity (may use typical cross-section for large projects) including dimensions.
4. For projects which include wetlands, an accurate wetland delineation must be prepared in accordance with the current method required by the U.S. Army Corps of Engineers .
5. Re-vegetation or rehabilitation plan for areas disturbed during construction.

### **Filing Instructions**

Application supplements should be submitted on paper no larger than 11 x 17 inches or alternatively as PDF format electronic files. If more than one watercourse is to be altered as a result of the project, a separate application must be submitted for each watercourse. Application fees must be received by the Division of Water Rights at the time of application submission and must be either hand delivered or submitted through standard mail.

### **Application Processing Fees As of July 1, 2009**

Application fees are based on the type of entity applying for the proposed stream alteration project.

Commercial Entities*:	\$2000.00	per application processed.
Non-Commercial Entities**:	\$100.00	per application processed.
Governmental Entities***:	\$500.00	per application processed.

\* An entity (or an agent thereof), that is required to have a license or registration as regulated by the State Department of Commerce and will benefit from the proposed project.

\*\* An entity that is not considered commercial or governmental.

\*\*\* A government agency or a political subdivision thereof.

As noted above, application processing fees must be received by the Division of Water Rights at the time of application submission and are nonrefundable. Applications and fees must be submitted via mail or hand delivered to the Division of Water Rights main office or any regional office.

### **Application Instructions**

For a complete set of instructions outlining each section of the application and examples of submitted application supplements, visit the Division of Water Rights website at:
