Gentlemen: RE: RESTORATION PROCLAMATION OF THE
 GREEN RIVER

By letter dated December 2, 1958, the State Engineer advised of priorities established on Applications Nos. 30414 to 30442 inclusive as filed under the Restoration Proclamation of the Green River.

The letter stated in the third paragraph of the second page that the priority of the Flaming Gorge application was being established at the date of filing, and the priority of all other applications having equal priority, however, it is noted that an error was made in designating the time of priority of Applications Nos. 30415 and 30416; therefore, this letter is to correct the priority dates of Applications Nos. 30415 and 30416 to be at the time of 10:10 a.m. 8/7/58.

Yours truly,

Wayne D. Criddle
STATE ENGINEER.
