

that the duty of water on their lands will be increased from three to four acre feet per acre of land.

III
CONFIRMATION OF RIGHTS NOT PROTESTED

The State Engineer has published the Proposed Determination of Water Rights for the Boulder Subdivision of the Escalante River Division of the above-entitled general adjudication proceedings, and copies of said Proposed Determination of Water Rights have heretofore been served on those water users having water rights in said Subdivision and a copy filed with this Court pursuant to the provisions of Section 73-4-11, Utah Code Annotated 1953, as amended.

NOW, THEREFORE, IT IS ORDERED that the Proposed Determination of Water Rights for the Boulder Subdivision of the Escalante River Division is approved and the individual water rights contained in said Determination are hereby decreed to be valid, existing water rights and are approved and confirmed as set forth in said Determination; those rights set forth in the "Issues to be Tried" section of this Pre-Trial Order are excepted from the foregoing approval and confirmation to the extent that they are the subject matter of an individual protest; this Order is also subject to those changes in ownership and approved Change Applications on any rights in said Determination which have occurred since the Determination was published by the State Engineer; the Court further reserves the right to correct typographical errors which may have occurred in the preparation of said Determination. Provided, however, the claims which are included in said Proposed Determination for the United States of America or any agencies thereof are listed for information purposes only, since the United States has not been made a party to this action.

IV
ISSUES TO BE TRIED

1. The duty of water which the State Engineer has recommended
