June 11, 2019

Dear Water Users and Interested Parties:

This letter is to inform you that the Utah/Goshen Valley Ground-Water Management Plan has been amended effective June 11, 2019. A public meeting was held November 1, 2018 and notice of the proposed amendment was sent March 4, 2019. The amendment replaced section IV item 5 of the previous plan, regarding the administration of change applications proposing to move water rights into a contaminated area near Mapleton. The amendment can be accessed from the division's website at www.waterrights.utah.gov/gw/suv.

We appreciate everyone who participated at public meetings and submitted comments. We look forward to your continued support.

Sincerely,

Kent L. Jones, P.E.
State Engineer
