Division of Water Rights  
646 North Main Street  
PO Box 506  
Cedar City, UT 84721-0506

To Whom It May Concern:

I would like to suggest the Iron County Water District examine further the theory explained by Roice Nelson and Gary Player. They are both very creditable and certainly have the interest of our valley foremost in their hearts, as does the Director and Board of the Central Iron County Water District.

Perhaps budgeting a little resources to do some testing could be dollars well spent. The possibility of vast savings of the over matter could show good results. Should it prove out we have done a good thing. If it doesn't prove out, the testing exposure would be very minor as compared to the anticipated cost of the presently proposed plan.

By taking a little risk to test the Nelson/Player Theory, could very possibly unite all to a course going forward.

I am in no way saying we should abandon our greatly appreciated granted water rights we have obtained to the west.

I would request the time deadline to receive further statements or concerns on this matter be extended for an adequate period of time to enable what needs to be done.

Sincerely,

Dixie Leavitt  
An Interested Cedar City Citizen
