Thank You for responding to my letter.

I think a reasonable solution starts with granting the USGS request for 1 Monitoring Well to determine the Effective Diversion of water to the Quichapa area.

Also the Diversion of Water in Flowing Deep Wells should be investigated,

I request Delaying the Change Policy Draft by 5 years, while these Studies are Completed

Sincerely Yours

A handwritten signature in black ink, appearing to read 'Bert R Pressett', with a long horizontal flourish extending to the right.
