

## **Comments and Inquiries concerning the proposed Hook Canyon Project**

The Division of Water Rights has received a large number of comments and inquiries concerning the proposed Hook Canyon Project. At the direction of the Governor's Office, Jonathan Jemming, Director of the Resource Development Coordinating Committee, will be handling all comments and inquiries on this matter until further notice. The Division of Water Rights staff will be handling those communications as follows:

**E-Mails:** E-mails will not receive a response. Those e-mails that are also addressed to Mr. Jemming ([jjemming@utah.gov](mailto:jjemming@utah.gov)) will be deleted. Those e-mails not also addressed to Mr. Jemming will be forwarded to him, and then deleted. Those wishing to e-mail Mr. Jemming directly may do so at the above address.

**Written Communications:** All written communications, regardless of delivery method, will be forwarded to Mr. Jemming. Those wishing to submit written comments may do so by writing Mr. Jemming directly at:

Jonathan Jemming  
Governor's Office of Planning & Budget  
P.O. Box 142210  
Salt Lake City, Utah 84114-2210

**Telephone Calls:** All telephone calls on this matter will be referred to Mr. Jemming at 801-537-9023. Those wishing to comment directly by telephone should call Mr. Jemming at that number.

**Faxed Communications:** All faxes will be forwarded to Mr. Jemming. Those wishing to fax comments or inquiries should do so directly to Mr. Jemming at 801-538-1547.

**Walk-ins:** Those persons wishing to discuss this issue will be sent to Mr. Jemming. His office is located in Room E-210 in State Capitol Complex.

As of April 8, 2008, the State Engineer has received no filings regarding this project. Therefore, the matter is not before him for any consideration or decision.
