

Total System Storage 11/1/1994-3/31/2004

- Total System Storage
- Utah Lake Content
- Compromise Content
- System Conversion Criteria
- Primary Storage Level
- Inactive Storage Level
- ▲ TDS at Jordan Narrows

The System Storage Level includes System Storage in Jordanelle Reservoir, Deer Creek Reservoir and Utah Lake. System Storage is shown here on top of the Primary Storage in Utah Lake. The data is based on river commissioner data and the Utah Lake Distribution Plan. The TDS data is provided by Jordan Valley Water Conservancy District and is scaled at 1mg/L = 100 ac-ft storage.
